Raffle Purpose

The Capay Valley Coalition (CVC) is a community organization committed to agricultural viability and safety in Western Yolo County. It is conducting this raffle to pay the legal fees for the challenge to the Caltrans Highway 16 expansion project. The CVC and Yolo County Farm Bureau have jointly filed a legal challenge to force Caltrans to listen to the concerns and needs of the local community. The CVC believes a less invasive and more targeted set of highway improvements could better meet safety objectives while retaining the rural beauty and agricultural viability of the valley.
